“Many Hands” mural in Downtown Laramie  
Photo by Laramie City Councilman Brian Harrington
We’ve been in Wyoming for more than 100 years and look forward to being here for the next 100 years and beyond. That’s why we’re helping to create jobs and state tax revenue through investments in energy infrastructure, roads and bridges. Together, we can create a bright future for Wyoming. Find out more at rockymountainpower.net/brighterfuture.

This directory provides information on each of Wyoming’s incorporated communities, including a current listing of elected officials and key personnel. In addition, the directory includes a listing of Wyoming’s Congressional and State Elected Officials, State Agencies, Wyoming County Commissioners, and a listing of WAM’s Sponsors and Supporters.

Elections are held in May and November, and the officials listed here are current as of January 2020. As election dates vary, please know the listing of officials and staff will change during the course of the year. We appreciate the assistance of our members who went to great lengths to assure the information provided in this directory is correct.

ABOUT WAM

After operating in several organizational forms since 1928, the Wyoming Association of Municipalities (WAM) was incorporated in 1967 as a non-profit, non-partisan organization representing and serving Wyoming’s cities and towns. Every Wyoming citizen relies on quality services and facilities provided by cities and towns. This is especially true as 69 percent of Wyoming’s population lives in a municipality.

WAM’s mission is to advocate for cities’ and towns’ common interest and provide educational opportunities for WAM members.

WAM is governed by a Board of Directors composed of mayors, council members, and representatives from Great Open Spaces City Management Association (GOSCMA), Wyoming Association of Municipal Clerks and Treasurers (WAMCAT) and Leadership Training Services (LTS).

WAM OBJECTIVES:

• **ADVOCATE** for Wyoming’s cities’ and towns’ municipal interests regarding both state and federal legislation.

• Provide **TRAINING** opportunities to municipal officials and staff through the Local Government Leadership Program, which assists Wyoming communities with fundamental training.

• **COMMUNICATE** all things related to municipal governance, training, outreach and advocacy. Contact WAM to discover all the ways it keeps its members and stakeholders informed.

A Big Thanks to WAM’s Sponsors & Supporters

Their support helps us provide valuable experiences, at affordable costs to our members. Their involvement also allows us to connect our members with wonderful companies, associations, and organizations who are willing to support Wyoming’s municipal needs.
811 is the phone number you call before digging to protect yourself and others from unintentionally hitting underground utility lines. There are millions of miles of buried utilities beneath the surface of the earth that are vital to everyday living like water, electricity and natural gas.

811 is the federally designated call before you dig number that helps homeowners and professionals avoid damaging these vital utilities. When you make the free call to 811 a few days before you dig, you'll help prevent unintended consequences such as injury to you or your family, damage to your property, utility service outages to the entire neighborhood and potential fines and repair costs.

At least 2 business days before you intend to dig
CALL 811
