Association of
Municipalities

Building Strong Communities

WYOMING ASSOCIATION OF MUNICIPALITIES (WAM)

The Wyoming Association of Municipalities' mission is to provide exceptional educational opportunities for WAM Member Communities and to advocate for the common interests of those same cities and towns at the state and federal levels.

WAM proudly serves all 99 incorporated municipalities across Wyoming, ranging from small towns to bustling cities. Our members include local government officials, career municipal staff, community leaders and partners committed to the betterment of Wyoming's communities.

WAM provides a range of services tailored to Wyoming's municipal leaders, including legislative tracking, events and training sessions and exclusive resources for members. We advocate at the state and federal levels, ensuring that Wyoming's municipalities have a strong voice in decisions affecting their communities.
